Not included in the totals

- USD account (Self), recorded as USD 5,000: the USD currency cannot be converted, so it is left out of every total.
- Personal level: what you and your partner own and owe in your own names, plus your share of joint items (split equally unless a different split is recorded). It does not include any SMSF, trust, HUF or company assets.
- Amounts recorded in another currency are shown in AUD and, beneath the item, in the recorded currency. Conversion uses 1 AUD = 56 INR, the household rate used on the Dashboard and in the Monthly Report, as at 16/10/2026.
- 2 imported holdings worth $12,000 are not yet in Net Worth and are not included above.
- Items shown as "Not provided" have no value entered, and items listed as not included are in a currency that cannot be converted. Neither is counted as zero: both are left out of every total.
